Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.
Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.
Total school tax rate is a district's total tax rate as it appears on local property tax bills.
Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.
Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

ACT ASSESSMENT: GRADUATING CLASS OF 2007 *

The number and percent of students taking the ACT are no longer reported since virtually every eleventh grade student takes the ACT as part of the PSAE.

* Includes graduating students' most recent ACT Assessment scores from an ACT national test date or PSAE testing. Excludes the scores of students who took the test with special accommodations. State averages for ACT data are based on regular public schools and do not include private and special purpose schools.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Measure of Annual Growth in English (IMAGE) is administered to limited-English-proficient students. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

PRAIRIE STATE ACHIEVEMENT EXAMINATION (PSAE)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 55.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 55.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have 55.0% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 90% attendance rate for non-high schools and at least 72% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2006.

** Safe Harbor Targets of 55.0% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT**School Improvement**

This year, our school improvement plan incorporates the formation of Course Learning Teams (CLTs) in each content area. The primary purpose of each CLT is to improve student achievement by focusing on effective instructional strategies, assessments and resources at the course level. CLTs meet regularly throughout the school year.

Each CLT will:

1. Analyze local, state, and national assessment results
2. Develop SMART goals to improve student achievement
3. Implement teaching and learning strategies to achieve each SMART goal
4. Analyze the implementation results
5. Revise the plan for continued improvement

The SMART goals developed within each CLT act to support our overall school improvement goal for the school:

To increase the total number of proficient grades earned by students from 91% to 92% by the end of the 2007-2008 school year as measured by the second semester grades.

This goal was developed after reviewing local, state and national assessments in conjunction with grades assigned to all students during the previous school year. By understanding why students are not performing at a proficient level, we will develop, implement and improve interventions designed to increase student achievement school-wide.

Examples of such interventions are two new help centers at Prairie Ridge High School this year. We now have a Literacy Center where students can receive instruction and support for all literacy skills in English and other related course assignments. Also, we have a Numeracy Center where students can receive instruction and support with math related subject areas. These help centers have been enthusiastically received by staff, students and parents.

Prairie Ridge students are highly motivated, involved in many activities, enrolled in rigorous courses, and work hard. They embody the definition of school spirit - they are a presence at athletic competitions, plays, and concerts. They support each other in positive ways. Visitors in the building often comment on the positive attitude and respect for each other they see as our students interact. We thank our parents and the community for the positive influence they have had on our students.
